The marquee may be collected, (longest part 10') or we can deliver for a small charge.

The marquee can be "staked" if sited on soft standing, however if the marquee is to be sited on "hard" standing suitable ground braces and weights will be required, which will be supplied at no extra cost.

The "smooth running" and success of your event is important to you, it is also important to us, we will confirm all your instructions in writing.
Payment is not required until your requirements have been delivered, and if required assembled to your satisfaction.

* The three day hire rate includes receipt of equipment one or two days before the event, and return of the equipment one or two days after.
