

Features:

- 1600W motor
- 150mph+ airflow
- Large super-tough nylon and fibreglass compound turbine provides the powerflow and mulches dead garden leaves at the same time
- 10:1 mulching ratio (hence 10 bags of leaves becomes 1 bag of mulch ready for use)
- Switch between 'vacuum' and 'blower' modes at flick of a large control lever
- Washable, large capacity vacuum bag. Close weave cloth reduces dust
- Weight 3.8kg
